JUDGMENT

(on a motion for settlement approval)

- [1] **WHEREAS** the parties are involved in a dispute of the nature of a class action;
- [2] **WHEREAS** on November 29, 2021, a national settlement agreement has been reached between the Applicants and the Defendants (the "Settlement Agreement", Exhibit RT-1, which includes a French version);

[3] **WHEREAS**, in their *Demande pour obtenir l'approbation d'une transaction* (the "Application"), the Applicants have asked the Court to:

- a) Approve the Settlement Agreement;
- b) Substantially approve the form and the content of the notices to inform class members, among other things, of the approval of the Settlement Agreement;
- c) Substantially approve the form and the content of the notice plan and the press release;
- d) Substantially approve the form and the content of the claim form; and
- e) Substantially approve the form of the compensation protocol.

[4] **CONSIDERING** the Judgment rendered on June 21, 2022¹ by which the Court authorized the class action for settlement purposes and approved the content and ordered the publication of the notices to Class Members;

[5] **CONSIDERING** that the Class Action authorized for settlement purposes is the following:

All persons, resident in Québec (at the time of the authorization), who were prescribed and used Invokana, Invokamet, and/or Invokamet XR in Québec at any time on or before the date of the authorization order; and

All persons, who by virtue of a personal relationship to one or more of such persons described in (i) above have claims for common law or statutory damages.

[6] **CONSIDERING** that notices to Class Members were disseminated in a timely manner in both English and French languages;

[7] **CONSIDERING** the expiry of the deadline set for objecting to the Settlement Agreement without a written objection to the Settlement Agreement;

[8] **CONSIDERING** that no Québec Class Member has appeared before this Court to oppose the approval of the Settlement;

[9] **CONSIDERING** that the Opt-Out Deadline was November 21, 2022 and no Québec Class Member has exercised his or her right to opt-out and none has mentioned any opposition;

[10] **CONSIDERING** the sworn declarations of the two Applicants and of Me Provencher, as well as Exhibits RT-1 to RT-6, and **CONSIDERING** the sworn of Me Jill McCartney, attorney at Siskinds LLP, along with Exhibits A to R;

¹ *Varnai c. Janssen inc.*, 2022 QCCS 2212.

[11] **CONSIDERING** Article 590 of the *Code of Civil Procedure*, which requires the Court to approve the Settlement if it is just, reasonable and fair, and if it corresponds to the best interests of all class members, and not only the Applicants;

[12] **CONSIDERING** that the following criteria must guide the Court in this exercise²:

- Probabilities of success of the class action;
- Anticipated cost and duration of the litigation;
- Importance and nature of the evidence to be presented;
- Modalities, terms and conditions of the proposed settlement agreement;
- The agreement of the Applicant;
- Nature and number of objections to the settlement;
- Number of opting-out;
- Recommendation of the attorneys and their experience;
- Good faith of the parties and absence of collusion; and
- The recommendation of a third neutral person.

[13] **CONSIDERING** the Application has been duly notified to the Fonds d'aide aux actions collectives, which does not oppose to the present Application;

[14] **CONSIDERING** that the Settlement Agreement provides for a total payment of \$1,500,000 in capital, interest and fees, of which 10% will be allocated to the provincial health care insurers, and **CONSIDERING** that there is collective recovery;

[15] **CONSIDERING** the text of the Compensation Protocol (Exhibit RT-2), and that, under this text, to be eligible to receive a settlement payment pursuant to the Settlement Agreement, a Settling Claimant must:

- 1) Be, or if acting in a representative capacity, be representing the interest of a Canadian resident;
- 2) Provide Injury Evidence for at least one Eligible Injury, "Eligible Injury(s)" meaning:
 - A diagnosis of acute kidney injury or acute renal failure occurring on or before April 25, 2016;
 - A diagnosis of diabetic ketoacidosis occurring on or before August 31, 2016;
or

² *Pellemans c. Lacroix*, 2011 QCCS 1345, par. 20; *Gillich c. Mercedes-Benz West Island*, 2020 QCCS 1602, par. 10. Voir également : *Schneider (Succession de Schneider) c. Centre d'hébergement et de soins de longue durée Herron inc.*, 2021 QCCS 1808; *Dufour c. Compagnie d'aviation Cubana*, 2021 QCCS 5226.

- Amputation of a lower limb (i.e. leg, foot, or toe(s) occurring on or before December 6, 2017;
- 3) Provide Prescription Evidence of use of an Invokana Product at the time of, or prior to, such Eligible Injury;
 - 4) Approved Claimants will be assigned points under a detailed chart;
 - 5) The amount of the Settlement Agreement will be distributed among the Approved Claimants in proportion to the accumulated points that will be awarded to them under the Compensation Protocol;
 - 6) The Compensation Protocol provides a mechanism for class members to correct irregularities in the filed claim (notably when the medical file is still missing at the deadline) as well as a process for appealing the Claims Administrator's decision;
 - 7) No proof of causation is required to be made by the claimants, which is favorable to claimants and to the settlement agreement approval, especially in light of new studies published after the filing of the class action which tend to show that there are finally fewer risks or even no risks at all with the taking of Invokana, Invokamet, and/or Invokamet XR;

[16] **UPON REVIEW**, and **CONSIDERING** paragraphs 20 to 44 of the sworn of Me Jill McCartney as if they were reproduced here in their entirety, the Court is of the opinion that the Application should be granted as the Settlement Agreement meets all the criteria mentioned above;

[17] **CONSIDERING** that Me Provencher has indicated that the team of class counsel anticipates that between 45 and 90 persons will make a claim, which therefore provides for individual awards that can range from \$10,000.00 to \$22,000.00 per member on average, there being a very limited number of adverse reports ever made to Health Canada in the past regarding Invokana, Invokamet, and/or Invokamet XR;

[18] **CONSIDERING** that the Court will not issue the following conclusions sought, as they contain conditional conclusions and annulation conclusions that the Court cannot render in advance, being understood that the issue can be raised by any party before the Court if the underlying facts happen:

DECLARES that the Settlement Agreement provides that it is contingent upon Settlement approval Orders being made by the Saskatchewan Court of King's Bench and the Ontario Superior Court of Justice and that the terms of this Order shall have no force or effect unless and until such judgments are rendered;

ORDERS that this Order shall be null and void in the event the Settlement Agreement is terminated in accordance with its terms;

[19] **CONSIDERING** the conclusions of the present judgment must be in French and English languages;
